

You should do it. Let us help.

Bringing you solar pool heating since 1986!

poolprosolar.com

Our Mission

To raise global consciousness, and empower consumers and businesses in making moral, ethical, and responsible choices. PoolPro Solar is committed to significantly raising the bar of online access to renewable energy systems and green building technologies in providing product solutions assistance.

Choosing Solar & Renewables

The benefits of solar and renewables are very apparent and sell themselves, PoolPro Solar's role is to provide in-depth product information, side-by-side product comparisons, system sizing tools and more, to help determine which product is the best choice for the individual specifics of each consumer.

Solar Pool Heating

We offer **VORTEX™** Solar Pool Heating Systems as complete packages or a-la-carte parts and supplies. Solar systems are customized to fit each customer specific requirements.

Volume discounts apply for qualified professionals.

Why is Vortex better?

- **Superior Quality** - 25-40% heavier than the industry average.
- **Best Warranty** - PoolPro Solar replaces all defective panels and will make no attempt at repair for a full 10 years.
- **Unique Design** - helps avoid freezing and increases water flow.
- **Complete Kits** - no other parts needed for installation.
- **Connection Method** - unique patented process proven to be more effective.
- **Installation Method** - Vortex panels are not glued and they can be removed if need be.

*"I'd put my money on the sun and solar energy. What a source of power!
I hope we don't have to wait until oil and coal run out before we tackle that."*

- Thomas Edison
